FAQs**How does this course meet the new BACP Curriculum?**

The new [BACP Curriculum in Counselling Young People \(11-18\)](#) is a thorough and intensive training curriculum that allows for some flexibility in course structure and design providing the listed Subject Areas and Learning Outcomes are addressed and suitably assessed. IMC have ensured that all *Theory Only* Subject Areas and Learning Outcomes listed for Stages 2 in the BACP Curriculum are addressed within this programme, and to ensure we have completed due diligence on this process, we have included mapping tables within the course handbook which demonstrate that the required Theory Only Subject Areas and Learning Outcomes for Stage 2 training are properly addressed and assessed throughout.

Why do you not include Stage 1 in your training?

Stage 1 is designed to prepare *un*qualified students to start work in placement with young people, 11-18 years. As the Stage 3 programme is a *post*-qualifying course, we do not teach the Stage 1 within it, but we do require Stage 1 to have been completed as part of the entry requirements to this programme. If you have not achieved a Stage 1, you may apply via our RPEL (Recognition of Prior Experiential Learning) process to demonstrate how you meet the Stage 1 criteria.

Does the Course meet the BACP Competences for Humanistic Counselling with Young People (11–18 years)?

The BACP have completed their own mapping exercise ensuring that their BACP training curriculum maps onto their published BACP Competences. Therefore by completing this training, you are demonstrating how well you meet these Competences for the theory aspects at Stage 2.

Will you be offering a ‘Top-Up’ course for people who have studied on non-BACP Curriculum courses?

It is very difficult to design such a course, as everyone will come with very different training backgrounds – we would need to assess what you have and haven’t already achieved against the 189 Learning Outcomes and 24 different Subject areas of three BACP Stages 2 and 3! However, we are currently investigating the possibility of offering a BACP Curriculum Stage 2 top-up to the IMC students who studied on the previous IMC PQDCCA course – if we are able to do this to the standards we require, this will be announced in 2019.

If I do the PQDCYP Stage 2 Theory Only, and later want to top up to the full Stage 2, is this possible?

Yes – providing you do it within 2 years of completion of your course, you can do a placement-only module with us. The fee is £300 per full 7 months of enrolment, starting in either September or April, and includes monitoring and support by the Placement Coordinator, and your assessment and certificate at the end. Likewise you can top up from ‘PQDCYP Stage 2 with Placement’ to ‘PQDCYP Full Award Stages 2 and 3’ by taking Top-Up modules for both Work Based Learning and Stage 3 placement of 50 hours. You will also need to undertake a written assessment showing how you align and evaluate your coursework learning with your placement practice.

Can I do this course as a ‘theory-only’, without a placement?

The Stage 2 Curriculum, as published by the BACP, requires placement (50 hours at Stage 2). However, you may choose to just do the theory part of this course, with either minimal or no placement at all (PQDCYP Stage 2 -Theory Only). This shortened option will meet many - but of course *not all* - aspects of the BACP Curriculum. Your certificate will clearly reflect the option you have taken, and how it meets the BACP curriculum, so that it is not misleading in any way. Please see the relevant **PQDCYP Stage 2** course pages for details.

How much time does this course involve each week?

As an advanced and intensive post-qualifying course, we require a **substantial personal commitment** to your own learning, which includes reading and self-directed study outside of your contact time with Iron Mill College. This allows time to prepare for assignments, consolidate learning, and broaden your individual knowledge and understanding of the course material. You should therefore be prepared to study as follows:

- 14 days of teaching (usually spread over 7 months)
- Approximately 4-6 hours per week reading

Optional Placement/ WBL Top-up (to be started within 2 calendar years of completing the course)	This is for those who: - achieved PQDCYP 'Stage 2 without placement' and later wish to top-up to 'Stage 2 <i>with</i> placement of 50 hours', or - achieved PQDCYP 'Stage 2 with placement' and later wish to top up to the PQDCYP <i>full award</i> for BACP Stages 2 and 3				optional	optional	optional	£300 per 7 months enrolment

Are there any additional costs?

Your fee is inclusive of assessments, tuition, tutorials, certificates, use of the extensive IMC placement database and support of Placement Coordinator, course materials, creative materials, online learning platform, plus free of charge use of our IMC online library and hard copy library (general texts on counselling/psychotherapy). The handbook is available in an electronic format.
